

**MHRT LEGAL MEMBER 2014 SCHEME –
GENERIC FEEDBACK (SHORTLISTING)
(26 JUNE 2014)**

Introduction

This is the generic and anonymised feedback from the multiple choice shortlisting test in relation to the MHRT Legal Member 2014 scheme. The test and model answers are provided in a separate attachment.

Background

A total of 92 applications were received. The Selection Committee decided on the use of a multiple choice shortlisting test which was developed and validated in England and Wales as well as Northern Ireland.

The Shortlisting Test

The multiple choice test consisted of 18 questions and applicants could attain a total of 90 marks. The answers attracted a range of scores between 0-5 marks.

Of the 92 applicants, 84 sat the test. The table below highlights applicants' achievements in terms of the scoring bands and the percentage/numbers.

Band	Score	No of Applicants who achieved this score	Approx % of applicants
1	71 and over	14	17%
2	61-70	37	44%
3	51-60	29	34%
4	50 and under	4	5%

As advised by the Selection Committee in the Applicant Information Booklet up to a maximum of 50 applicants could progress to the papersift stage. This meant that the passmark for progress to the papersift stage was 62 out of 90 (c.69%).

Your score is confirmed in the attached document.

Andrew Millar
